POLICY BULLETIN NO. 71

SUBJECT: Schedule 2-4 Small Commercial Service

POLICY:

AVAILABILITY: To Members of the Cooperative subject to the established Bylaws, Policies, rules and regulations of the Cooperative.

APPLICABILITY: For commercial purposes in a business, enterprise, institution, organization, or similar entity when all such service used on the premises is supplied through a single meter. Loads served under this schedule are limited to 50kW or less. Accounts may be reviewed on an annual basis, or as necessary, to determine the applicability of this rate schedule.

TYPE OF SERVICE: Single or multi-Phase, 60 cycles, at available secondary voltages.

MONTHLY RATES:

Facilities Charge..... \$25.00
Energy Charge..... \$0.08690 per kWh

MINIMUM MONTHLY CHARGES: The minimum monthly charge under the above rate shall be the Facilities Charge.

POWER COST ADJUSTMENT: The Cooperative buys wholesale power from the Bonneville Power Administration (BPA) through the Pacific Northwest Generating Cooperative (PNGC). BPA's contract contains a surcharge(s) that allows BPA to adjust its wholesale rates periodically. Should BPA or PNGC implement a surcharge(s) to raise or lower its wholesale power rates, the Cooperative's cost of wholesale power will be adjusted accordingly.

To compensate for an adjustment in wholesale power costs due to a surcharge(s), the Cooperative's retail rates may be adjusted to reflect the effect of the surcharge(s). Rate schedules may be adjusted by the percentage of surcharge(s) in each rate component so as to fully recover the amount of the adjustment during the months the surcharge(s) is in effect.
